Monitor and Protect your Ofiice, Business or Home from across the hall or around the world.

Enjoy Peace of Mind protection with the LOREX Digital Video Monitoring system. The Microsoft certified USB video grabber and web ready software (included with the LOREX Digital Video system) turns any PC into an effective video security solution.

View, setup and configure video images from a remote location over the internet. When the alarm feature is activated, the system will automatically dial the telephone number or pager number which you have selected or simply send a text email message. The LOREX DIGITAL VIDEO MONITORING system is an affordable and effective solution for monitoring and protecting any business or home.
